

Productividad Académica

1. Exposure and Knowledge of Sharps Injuries among Medical Students in Seven States of Mexico. 2015
2. Antibiotic Susceptibility of Biofilm Cells and Molecular Characterization of *Staphylococcus hominis* Isolates from Blood. 2015
3. Hospital-Acquired Infections in Elderly Versus Younger Patients in an Acute Care Hospital. 2015
4. WSES guidelines for management of *Clostridium difficile* infection in surgical patients. 2015
5. Application of the ATLAS Score for Evaluating the Severity of *Clostridium Difficile* Infection in Teaching Hospitals in Mexico. 2015
6. Individual versus pooled multiple-lumen blood cultures for the diagnosis of intravascular catheter-related infections. 2015
7. Genetic characterization of drug resistance and clonal dynamics of *Acinetobacter baumannii* in a hospital setting in Mexico. 2015
8. First Report of *Clostridium difficile* NAP1 027 in a Mexican Hospital. 2015
9. Non-typeable *Haemophilus influenzae* biofilm production and severity in lower respiratory tract infections in a tertiary hospital in Mexico. 2016
10. Systemic inflammatory response and mortality in hospitalized elderly patients. 2016
11. Effectiveness of the Rapid Human Immunodeficiency Virus (HIV) Test Versus Fourth Generation Enzyme-Linked Immunosorbent Assay (ELISA) in the Approach of Occupational Exposure. 2016
12. Changing the rules of engagement Perspective of Zika virus. 2016
13. Chlorhexidine bathing every other day still does the trick, but it may come at a cost. 2016
14. Epidemiological and Clinical Data of *Bordetella pertussis* Infection Among Children Younger Than One-Year-Old Treated in a University Hospital in Northern Mexico. 2016
15. Defined Daily Doses of Antibiotic Consumption and *Clostridium difficile* Infection Rates in a University Hospital. 2016
16. Predictors of severe outcomes in patients with *Clostridium difficile* infection from a Hispanic population. 2016
17. Efficacy of computed tomography for the prediction of colectomy and mortality in patients with *clostridium difficile* infection. 2016
18. Sexually transmitted pathogens, coinfections and risk factors in patients attending obstetrics and gynecology clinics in Jalisco, Mexico. 2016
19. Antimicrobials: a global alliance for optimizing their rational use in intra-abdominal infections (AGORA). 2016
20. Molecular epidemiology of coagulase-negative bloodstream isolates: detection of *Staphylococcus epidermidis* ST2, ST7 and linezolid-resistant ST23. 2016
21. Fecal transplant for *Clostridium difficile* infection relapses using "pooled" frozen feces from non-related donors. 2016
22. Influenza A (H1N1pdm09)-Related Critical Illness and Mortality in Mexico and Canada, 2014. 2016
23. Enhancement of hand hygiene compliance among health care workers from a hemodialysis unit using video-monitoring feedback. 2016
24. Forget skin scrubbing and other antiseptics: prevent catheter related infections using chlorhexidine plus alcohol. 2016
25. Outbreak of parvovirus B19 infection among anesthesiology and surgical fellows. 2016
26. Phenotypic and genotypic characterization of vancomycin-resistant *Enterococcus faecium* clinical isolates from two hospitals in Mexico: First detection of VanB phenotype-vanA genotype. 2016
27. Association between early influenza vaccination and the reduction of influenza-like syndromes in health care providers. 2016
28. Causative agents, diseases, epidemiology and diagnosis of sexually transmitted infections. 2017

FACULTAD DE MEDICINA Y HOSPITAL UNIVERSITARIO
"DR. JOSÉ ELEUTERIO GONZÁLEZ"
SUBDIRECCIÓN DE ESTUDIOS DE POSGRADO
PROGRAMA DE ESPECIALIDAD EN INFECTOLOGÍA

29. Predictors of severe outcomes in patients with *Clostridium Difficile* infection from a Hispanic population.2017
30. Pearls in Infection Control for *Clostridium difficile* Infections in Healthcare Facilities.2017
31. Frequency and genotypes of *Chlamydia trachomatis* in patients attending the obstetrics and gynecology clinics in Jalisco, Mexico and correlation with sociodemographic, behavioral, and biological factors.2017
32. The carriage of interleukin-1B-31*C allele plus *Staphylococcus aureus* and *Haemophilus influenzae* increases the risk of recurrent tonsillitis in a Mexican population.2017
33. Randomized clinical trial to evaluate the effect of fecal microbiota transplant for initial *Clostridium difficile* infection in intestinal microbiome.2017
34. Risk factors and Molecular mechanisms associated with trimetoprim-sufamethoxazole resistance in *Stenotrophomonas maltophilia* in Mexico.2017
35. Rapid spread of an ongoing outbreak of zika virus disease in pregnant women in a Mexican hospital.2017
36. Outcomes of *Clostridium difficile*-infected patients managed in a common isolation unit compared with isolation in their bed of diagnosis.2017
37. Circulation of Highly Drug-Resistant *Clostridium difficile* Ribotypes 027 and 001 in two Tertiary-Care Hospitals in Mexico.2017
38. The Global Alliance for Infections in Surgery: defining a model for antimicrobial stewardship- results from an international cross-sectional survey.2017
39. Infection Control in Limited Resources Countries: Challenges and Priorities.2017
40. Increasing rates of *Clostridium difficile* infection in Mexican hospitals.2017
41. Draft genome sequences of two opportunistic pathogenic strains of *Staphylococcus cohnii* isolated from human patients.2017
42. Clinical Evaluation of the antifungal effect of sertraline in the treatment of cryptococcal meningitis in HIV patients a single Mexican center experience.2017
43. Chlorhexidine whole-body washing of patients reduces methicilin-resistant *Staphylococcus aureus* and has a direct effect on the distribution of the ST5-MRSA-II (New York/Japan) clone
44. Current knowledge on the laboratory diagnosis of *Clostridium difficile* infection.2017
45. Correlation between rapid HIV testing and fourth-generation ELISA results for HIV detection among pregnant patients in the delivery room.2017
46. Pearls in the Evaluation and Treatment of Orbital Cellulitis in adults.2018
47. Septic Pulmonary Emboli and Renal Abscess caused by *Staphylococcus aureus* in an HIV-Infected Patient.2018
48. Mumps outbreak with high complication rates among residents in a university teaching hospital.2018
49. Monetary costs and hospital burden associated with the management of invasive fungal infections in Mexico: multicenter study.2018
50. Emerging of ptxP3 lineage in *Bordetella pertussis* strains circulating in a population in northeastern Mexico.2018
51. Clinical and microbiological characteristics of community-acquired pneumonia associated with *Streptococcus pneumoniae* in adult patients in Mexico.2018
52. Acute seronegative *Toxoplasma gondii* hepatitis allergic to first-line treatment.2018
53. Monitoring of cerebral vasculopathy by transcranial doppler ultrasonography as a guide for the therapeutic use of steroids in *Neisseria*-meningitis series of cases in the hispanic population.2019
54. Virulence Factors of *Clostridioides (Clostridium) difficile* linked to Recurrent Infections.2019
55. *Stenotrophomonas maltophilia* biofilm: its role in infectious diseases.2019
56. Screening of biomarkers of drug resistance or virulence in eScApe pathogens by MALDI-tof mass spectrometry.2019
57. Nasal decolonization of *Staphylococcus aureus* in orthopedic surgeons using mupirocin and chlorhexidine.2019
58. Multiple opportunistic infections in a patient with human immunodeficiency virus infection.2019

FACULTAD DE MEDICINA Y HOSPITAL UNIVERSITARIO
"DR. JOSÉ ELEUTERIO GONZÁLEZ"
SUBDIRECCIÓN DE ESTUDIOS DE POSGRADO
PROGRAMA DE ESPECIALIDAD EN INFECTOLOGÍA

59. High sporulation and overexpression of virulence factors in biofilms and reduced susceptibility to vancomycin and linezolid in recurrent *Clostridium [Clostridioides] difficile* infection isolates.2019
60. Generalized and Prolonged Use of Gentamicin-Lock Therapy Reduces Hemodialysis Catheter-Related Infections Due to Gram Negatives.2019
61. Comment on: Multidrug-resistant *Acinetobacter* meningitis in neurosurgical patients with intraventricular catheters: assessment of different treatments
62. Enhanced influenza vaccination among healthcare personnel prevents cases despite community burden.2019
63. Update of the WSES guidelines for management of *Clostridioides (Clostridium) difficile* infection in surgical patients.
64. The successful containment of a hospital outbreak caused by NDM-1-producing *Klebsiella pneumoniae* ST307 using active surveillance.2019
65. Consenso sobre prevención, diagnóstico y tratamiento de la infección por *Clostridium difficile*.2019
66. A snapshot of antimicrobial resistance in Mexico. Results from 47 centers from 20 states during a six-month period.2019
67. Individual versus pooled multiple-lumen blood cultures for the diagnosis of intravascular catheter-related infections. 2015
68. Activity Of Sertraline Against Cryptococcus Neoformans: In Vitro And In Vivo Assays.2015
69. Outbreak of Parvovirus B19 infection among anesthesiology and surgical fellows.2015
70. Non-Typeable *Haemophilus Influenzae* Biofilm Production And Severity In Lower Respiratory Tract Infections In A Tertiary Hospital In Mexico.016
71. An Unusual Case of *Candida ciferrii* Fungemia In An Immunocompromised Patient With Crohn's And *Mycobacterium Bovis* Disease
72. Chlorhexidine whole-body washing of patients reduces methicilin-resistant *Staphylococcus aureus* and has a direct effect on the distribution of the ST5-MRSA-II (New York/Japan) clone
73. Septic Pulmonary Emboli and Renal Abscess caused by *Staphylococcus aureus* in an HIV-Infected Patient.2018
74. Clinical Evaluation of The Antifungal Effect Of Sertraline In The Treatment Of Cryptococcal Meningitis In HIV Patients: A Single Mexican Center Experience.
75. Mumps outbreak with high complication rates among residents in a university teaching hospital.2019
76. The successful containment of a hospital outbreak caused by NDM-1-producing *Klebsiella pneumoniae* ST307 using active surveillance.2019
77. Comment on: Multidrug-resistant *Acinetobacter* meningitis in neurosurgical patients with intraventricular catheters: assessment of different treatments.2020
78. Human Trichinosis mimicking polymyositis.2020
79. Change in the prevalence of metabolic syndrome in a population of medical students: 6-year follow-up
80. Outbreak of Parvovirus B19 infection among anesthesiology and surgical fellows.2016
81. Chronic rhino-orbito-cerebral mucormycosis: A case report and review of the literature.2016
82. Efficacy of computed tomography for the prediction of colectomy and mortality in patients with *Clostridium difficile* infection.2016
83. Characterization of the dengue outbreak in Nuevo León State, México, 2010 2015
84. History and progress of antiviral drugs: from acyclovir to direct-acting antiviral agents (DAAs).2015
85. Chikungunya virus: A general overview.2015
86. Constant risk of dengue virus infection by blood transfusion in an endemic area in Mexico.2015
87. The anti-dengue virus properties of downregulating cholesterol agents may be associated with alterations in the cellular antiviral profile expression.
88. A case report of small bowel perforation secondary to Cytomegalovirus related immune reconstitution inflammatory syndrome in an AIDS patient.2016
89. The Zika virus disease: An overview.2016
90. Chronic rhino-orbito-cerebral mucormycosis: A case report and review of the literatura.2016

FACULTAD DE MEDICINA Y HOSPITAL UNIVERSITARIO
"DR. JOSÉ ELEUTERIO GONZÁLEZ"
SUBDIRECCIÓN DE ESTUDIOS DE POSGRADO
PROGRAMA DE ESPECIALIDAD EN INFECTOLOGÍA

91. Virus De La Influenza En México: Variabilidad Y presentación Clínica En La Temporada 2016-2017.2017
92. Comparación De Las Pruebas De función Hepática En Pacientes Con Diferentes Infecciones Arbovirales: Zika, Chikunguya Y Dengue.
93. Botryomycosis and coccidiomycosis of the foot.2017
94. Extensive AIDS-associated Kaposi's Sarcoma.2018
95. Molecular and Clinical Characterization of Chikungunya Virus Infections in Southeast Mexico.2018
96. Genetic Variability of Chikungunya Virus in Southern Mexico.2019
97. Identificación De Genes De Resistencia Antiviral En Virus De Influenza Circulando En El Estado De Nuevo Leon.2019.
